

Trojan Horsefloats

You'll be surprised what you find in a Trojan!

FORM and FUNCTION:

- Engineered for ease of use and durability
- Simple sleek contemporary styling representing long term appeal and value

SERVICE:

- Expert advice
- Sales, spares
- Warranty

NEW, NOT USED:

- Save time, money and disappointment.
- Don't inherit others problems
- Why have second hand when you can have new for around same price
- Finance available

Questions to ask when purchasing a new float

- Is it constructed of corrosion-resistant materials, i.e., galvanised frame and zincanneal sheeting?
- Does it have a five-year structural warranty?
- Does it have flushmount door latches?
- Does it have stainless steel tie-up points and drop pins?
- Will it include L.E.D. side marker lamps and large tail lamp as standard?
- Is it finished in polyurethane two-pack paint (this paint is superior to others)?
- Is it horse friendly, i.e., does it have features and design to avoid injury to your precious cargo?
- Is it lady friendly, i.e., does it have easy-to-use features including spring-loaded tailgate, swing up jockey wheel etc.?
- Does it have modern styling to retain its value?

Trojan Horsefloats have all this as standard!
